International Conference EuroMed 2014 dedicated on
Cultural Heritage Documentation, Preservation and Protection
November 3rd – 8th, 2014
Limassol, Cyprus
www.euromed2014.eu

Invitation:

You are kindly invited to submit a paper to the EuroMed 2014 conference which will provide an opportunity to exchange research results, opinions, experiences and proposals on the best practice and hi-tech tools from Information and Communications Technology to document, preserve, manage and communicate Cultural Heritage (CH). This event will be supported by a scientific committee which consists of almost 100 renowned professionals in the area of CH for a blind peer review of all submitted papers.

The 5th EuroMed2014 brings together researchers, policy makers, professionals and practitioners to explore some of the more pressing issues concerning cultural heritage today. In particular, the main goal of the conference is to focus on interdisciplinary and multi-disciplinary research on tangible and intangible Cultural Heritage, the use of cutting edge technologies for the protection, restoration, preservation, massive digitalization, documentation and presentation of the CH content. At the same time, the event is intended to cover topics of research ready for exploitation, demonstrating the acceptability of new sustainable approaches and new technologies by the user community, SME’s, owners, managers and conservators of cultural patrimony.

Several organizations and EU running projects have decided to join together in order to create an optimal environment for the discussion, explanation of new technologies, exchange of modern ideas and in general to allow the transfer of knowledge between a maximum number of professionals and participants during one common time period.

Its main objectives are further to:
1. Highlight the role of European cultural heritage research and developments within international activities and co-operation.

2. Assess the impact of EU policies on the protection, restoration, preservation and digitalisation (e-documentation) of European CH and evaluate the positive contribution of cultural heritage innovative research and developments for competitiveness and job creation.

3. Disseminate the results of EU cultural heritage innovative research and developments acquired at large research facilities and discuss new development and innovations in research infrastructure.

4. Discuss and consolidate co-ordination of national research into and educational programmes for CH within Europe and the world.

6. Emphasize the relation of conservation practice to contemporary legislation, especially experienced by SMEs, problems of orphan works, fraud and crime regarding movable cultural heritage market; health and safety issues in conservation practice.

7. Discuss the influence of research on the impact of EU policies and directives on CH, and mitigation of possible adverse effects (for example: Digital Agenda, Open Access, Orphan works, Public Sector Information-PSI, etc).

8. Underline and discuss the role of the current and future developments on international activities, agreements and co-operations:
   a. Against demolishing and/or looting in CH (UNESCO, Interpol, Europol, ICOMOS, ICCROM, etc).
   b. on the e-documentation and e-preservation in CH (European Union, Google, UNESCO, World Library, mSoft, etc);
   c. on the establishment of standards in the field of CH;
   d. on conventions (like the UNESCO Convention for the Safeguarding of the Intangible CH; EU CH Label, WHL, etc);
   e. on documenting, archiving, monitoring, preserving, protecting and presenting worldwide the CH using innovative ICT solutions;
   f. on the legal and ethical responsibilities of CH Informatics.

Those researchers who wish to participate in this event are invited to submit papers on original work addressing the following subjects or related themes in the following two categories:

**Topics:**
Those researchers who wish to participate in this event are invited to submit papers on original and unpublished work addressing the following subjects:

**I. PROTECTION, RESTORATION, AND PRESERVATION OF TANGIBLE AND INTANGIBLE CH:**
- Damage assessment, diagnosis and monitoring for the preventive conservation and maintenance of CH;
- Assessment of new conservation treatments (effectiveness, compatibility, reversibility)
- Development and application of methodologies, technologies, models and tools for damage assessment, monitoring and adaptation to climate change impacts (including extreme events)
- Ground-breaking applications in the field of monitoring and protecting the tangible CH (for example: earth satellite observation monitoring systems, GIS, etc).
- Information Management systems in CH.
- Innovative topics related to the current and future implementation, use, development and exploitation of the EU CH Identity Card
- Framework conditions to enhance and market most promising prototypes used in tangible and intangible CH
- Protecting cultural heritage assets from risks and damages resulting from earthquakes, fires, storms, looting and "extreme events"
- Non-destructive diagnosis technologies for the safe conservation and traceability of cultural assets
- Compatible solutions for improving the resource and energy efficiency of historic buildings in urban and rural areas
- Innovative solutions for archaeology, as well as cultural landscapes, taking into account the promotion of (and protection from) cultural tourism and quality of life
• Benchmarking for furthering guidelines and best practices on methodologies, and standards for CH protection, restoration, preservation and documentation, in relation with CEN (TC 346), Europeana and implementation of EU directives affecting CH and its end-users
• Research needs to further improve conservation & restoration practices and strengthen the involvement of end-users: owners & managers, conservators, restorers, SMEs, industry etc.
• Protection of submerged CH: maritime, coastal, marshes and lakes including archaeological assets
• Contribution to the JPI Initiative on CH for furthering the coordination of all European public efforts together with Member States and wide range of stakeholders
• Contribution to the ECTP and Focus Area on CH especially for the efforts from private sector especially SMEs and industry
• Innovative solutions for the consolidation, dissemination, demonstration and exploitation of results, training and education related to the tangible and intangible CH (including open access to scientific results in cultural heritage as well as their preservation)
• e-Infrastructure networks and applications in the field of CH
• Contribution to the efficient estimation of costs of the maintenance, conservation, restoration, preservation, digitalization and documentation of the tangible and intangible heritage.

II. DIGITAL HERITAGE:
• Digital Data Acquisition Technologies in CH
• 2D and 3D Data Capture Methodologies and Data Processing in CH
• On-site and remotely sensed data collection
• 2D and 3D GIS in Cultural Heritage
• CAD and FEM based Digital Reconstructions and 3D Modelling
• Reproduction Techniques and Rapid Prototyping in CH
• Visualisation Techniques (desktop, Virtual and Augmented Reality)
• Virtual Reality in Archaeology and Historical Research
• Multimedia, Multilingua, Data Management and Archiving
• Construction and indexing of large scale Multimedia/Multilingual Encyclopedias in Cultural Heritage
• Computer Animation for CH Applications and Virtual Heritage
• Game Technologies in Cultural Heritage
• Non-Photorealistic Rendering of CH Data
• Virtual Museum Applications (e-Museums and e-Exhibitions)
• Digital/Virtual Documentation of Archaeological Excavations
• Novel Internet-based Cultural Heritage Applications
• Portals and Digital Libraries of Culture
• Usability, Effectiveness and Interface Design for CH Applications
• Innovative Graphics Applications and Techniques
• Interactive Environments and Applications
• e-Libraries and e-Archives in Cultural Heritage
• National Digital Libraries and Aggregators as cross-domain systems
• Long term availability of content and its long term accessibility
• Effective IC-Technologies for the creation, management and reuse of content and knowledge
• Storytelling and authoring tools
• e-Learning in Cultural Heritage
• Tools for Education, Documentation and Training in CH
Submission of Papers:
Submissions for the joint event are completely electronic, and both the paper and all supplementary material must be submitted through the on-line submission website. The conference accepts only original, unpublished work written in English. We are soliciting three types of contributions:

- **Full research papers** presenting new innovative results. These papers will have a full-length oral presentation and will be published in a high-quality proceedings volume. Each submitted paper must not exceed **10 pages in total** (incl. 600 dpi images and bibliography).
- **Project papers** focusing on the description of project organization, use of technology, and lesson learned. These papers will have a short oral presentation and will be included in a "FULL and Projects Papers" proceedings volume. Each submitted paper must not exceed **10 pages in total** (incl. 600 dpi images and bibliography).
- **Short papers** presenting preliminary ideas and works-in-progress. These papers will have a short oral presentation and will be available as posters during the entire conference. They will be published in the "Short Papers" proceedings volume. Each submitted paper must not exceed **6 pages in total** (incl. 600 dpi images and bibliography).

For information concerning style and format of all submissions, please refer to: http://www.euromed2014.eu/index.php/paper-submission

Important Dates:

- Paper submission full papers: 30th June, 2014 (24:00 London-UK time)
- Paper submission project/short papers: 30th June, 2014 (24:00 London-UK time)
- Notification of Refereeing results: 28th of July 2014
- Camera ready FULL papers to printer: 1st September, 2014
- Camera ready PROJECT/SHORT papers to printer: 1st September, 2014
- Proposals for showcases/demo’s: 28th of June, 2014

For more information about the joint conference, please visit the webpage http://www.euromed2014.eu or directly contact the chair of the event at: chairman@euromed2014.eu.

Best Regards,
Marinos Ioannides, Nadia Magnenat-Thalmann, Eleanor E. Fink, Roko Žarnić and Alex Yen
Chairs of Euromed2014
